MarylandDJ.com has been providing professional live entertainment for wedding and corporate events through its Columbia, Maryland location for six years. Now through a recent expansion, Dan Sandys, with 23 years in the business, has added a second location in Frederick. He is working with Tyler Joyce to better meet client needs.

"Quality not quantity is the motto of our business," says Dan. "Our associates provide a higher quality service than many of our competitors. We take the time to get to know our clients and determine their vision for their event. This is not a cookie cutter operation."

Whether you are planning a wedding, holiday party, award presentation, seminar, picnic, board meeting or fundraiser, a MarylandDJ.com consultation can streamline the planning process. **Think of them first not last.** These professionals can show you the ins and outs of planning and coordinating a memorable event and get you on the right entertainment track. They help the sequence of activities flow smoothly without worry for the organizer of the event.

"We seek to exceed your expectations," says Tyler. "The fact that 90 percent of our business comes from referrals, speaks to the quality of the service provided."

Dan adds, "MarylandDJ.com is way more than just your standard DJ operation. Our DJs offer a depth of experience and abilities to provide a high level of professional entertainment." In addition, the company provides a wide variety of services.

1. Professional disc jockey services for wedding receptions and corporate events.
2. Live music, from jazz to Frank Sinatra to Tyler Show, which combines disc jockey services and live entertainment.
3. Rental sound and PA systems for both small gatherings and large outdoor events.
4. Production services for voice mail, company jingles, answering systems, web page audio, voice over, and more.
5. Full-time professionals to meet your planning needs.

MarylandDJ.com tailors the entertainment to the desires of the client. Some people want a nice subdued reception, while others want to focus on something a little more upbeat. "We match the personality of the disc jockey to the event and provide what the client wants," says Dan.

Combining live music with disc jockey services is easy with MarylandDJ.com. The Tyler Show has been doing this for many years and

is now available through MarylandDJ.com. Tyler plays live guitar, saxophone and sings to bridge the gap between the live entertainment and the DJ services. In addition to the Tyler Show, Mike Copen has come on board from Key103.1 FM (WAFY) in Frederick. His radio program can be heard on Friday nights 7:00 p.m. to midnight with his "Turn back the clock Friday night." Mike comes with 15 years of experience in the wedding and corporate entertainment field and is a welcome addition. Planning an event? Let the professionals at MarylandDJ.com provide your total entertainment package. Visit their new Frederick location at 5203 New Design Rd. in Frederick, Maryland 21703. Or contact them at 301-668-1444 or fax 301-631-1664, or visit their website at <http://www.MarylandDJ.com>.
